DIEHARD™ ROOT REVIVER

Part 1: Product Description

A vertimulch shall be used to inoculate the roots of tree and shrubs with live beneficial mycorrhizal fungi when planting. It contains highly selected endo and ectomycorrhizal fungi that will quickly colonize the roots of trees and shrubs to provide the best possible condition for the roots to grow and extract from the root zone water and nutrients. The fungi are combined with humic acids, beneficial bacteria, soluble sea kelp, yucca plant extracts, amino acids, and vitamins to promote rapid root development. To reduce transplant stress and watering maintenance, and to slow release all soluble components of the formulation, Horta-Sorb® water management gel is added to complete the package.

Part 3: Application

Established Trees: Make holes in a 2 ½ to 3 foot grid pattern. Mix product at a rate of 6 oz. per hole with soil removed and place into the top 6-8” of hole.

Placement of compound as follows:

Measure from the trunk to the drip line (A). Divide this number by 2. Add this to drip line measurement (B) to get the treatment area.. Apply product on a grid pattern.

Stress Recovery - Small and newly planted trees and shrubs: Punch holes around the root ball (4 holes per inch caliper). Apply 3 to 6 oz. per hole (2” wide x 6-8” deep) and water in.

Transplants: Apply 3 to 6 oz. per inch caliper or per foot diameter root ball and mix with back fill in the upper 8” of planting hole making sure inoculant is adjacent to the root ball.

Part 4: Execution

Use in accordance with approved submittal for each type of planting required in strict accordance with supplier's instructions and recommendations.

Part 5: Manufacturer's Service

At the request of specifier provide the services of a qualified technical representative to instruct the user in proper mixing and handling of the product.

Part 6: Verification of Use

At the request of the specifier excavation of random plots of up to 1% of planted materials. Specifier shall require alternative procedures if product has not been used.
